

XLR 14

The XLR 14 is a mid-size power chair that is designed for the daily user. It sports a mid-wheel drive system and has the added stability of having six points of contact with the ground. The XLR 14 is also equipped with a power tilt seating system and full independent suspension system for smooth drive operation that will handle most driving surfaces. The XLR 14 has flip forward easy battery access, 50° of tilt available, extended range battery configurations and 300 lb. weight capacity.
